

Mohammad Ali Jinnah University, Karachi

To Whom It May Concern,

I am writing you in support of Muhammad Abdullah s/o Muhammad Ishaq Registration No. SP20-BSCS-0016 and his desire to apply for Master studies program through your esteemed University. Though many students ask me to make this request on their behalf, I only recommend students whom I think are well suited for the program of their choice. Muhammad Abdullah is one of those students and therefore, I highly recommend that he must be given the opportunity to learn new professional & academic skills to further pursue his higher studies.

As a Senior Lecturer, Computer Science Department at Mohammad Ali Jinnah University, I have worked with many students over a period of time. Each year I notice that only a few outstanding students offer a unique perspective and really embrace their learning of the subject matter. Muhammad Abdullah from his first interaction with me since FALL-2020 semester has consistently shown me such a strong desire to learn that I simply could not turn down his request for recommendation.

Muhammad Abdullah has always shown enthusiasm for furthering his knowledge and skills. I also knew him a little better than other students because he had completed the courses, "Discrete Structures, Compiler Constructions" and final year project under my supervision. He showed keen interest in issues related to the topics of stated courses, thus achieving good grades in the stated course.

Muhammad Abdullah continues to impress me with his knowledge, skill, and dedication to his work and regarding his vocabulary, speaking and writing skills.

I have the deepest personal and professional respect for Muhammad Abdullah, and sincerely believe he will give his positive attitude to your class and classroom. He has my highest endorsement. If you have any questions about this recommendation or my endorsement of Muhammad Abdullah. Feel free to contact me.

Kind regards and best wishes for his success.

TO WHOM IT MAY CONCERN

I am writing to you in support of **Mr. Muhammad Abdullah (Std# SP20-BSCS-0016)** & his desire to apply for a Master studies program through your academic platform. Though many students ask me to make this request on their behalf, I only recommend students whom I think are well suited for the program of their choice. Abdullah is one of those students and therefore, I highly recommend that he must be given the opportunity to learn new professional & academic skills to further pursue his higher studies.

As an Assistant Professor at Mohammad Ali Jinnah University, I have worked with many students over a period of time. Each year I notice that only a few students offer a unique perspective and really embrace their learning of the subject matter, Abdullah from his first interaction with me since **FA20 semester** has consistently shown me such a strong desire to learn that I simply could not turn down his request for recommendation.

Abdullah has always shown enthusiasm for furthering his knowledge and skills. I also knew him a little better than other students because he had completed courses, **"Applied Physics"**, **"Information & Network Security"** & **"Digital Image Processing"** under my supervision. He showed keen interest in issues related to the topics of stated courses, thus achieved good grade in the stated courses.

Abdullah worked hard with passion and dedication throughout the courses. He was evaluated on practice teaching sessions, written assignments, quizzes, and a written examination which he performed well, thus earning him a First Class.

Abdullah continues to impress me with his knowledge, skill, and dedication to his work and regarding his vocabulary, speaking and writing skills. Regarding Teamwork concern, I am very much impressed by his efforts to make his Final Year Project **"Mental Health Chatbot App"**, a success. With all these considerations, I ranked him in the top 20 students of a class with an aggregate score of **7.0/10**.

I'm sure you will find him, to be a student whose talent will shine further through your Academic Platform. Feel free to contact me if you require further information.

Sincerely,

Mr. Aqeel Tahir
